**Reference: Discipleship Training Unleashed**

It is my privilege to recommend Discipleship Training Unleashed. Over the last number of years, I have searched for a tool to assist our church in the process of discipleship. Admittedly, I wondered if I would ever find a program or ministry that could assist us in the process.

Almost two years ago, I began the journey of inviting several men to attend DTU in London. It was my delight to see 10 men attend and with anticipation, we went to the first module on Godly Manhood. We were surprised by a number of good things that took place:

- The organization of the event was excellent. Good food, good teaching and a great opportunity for the men to participate in fellowship and sharing of hearts.
- The men were excited to invite other friends to the next module and we are currently seeing 30 men come to become fully devoted followers of Christ. (we are a church of 150)
- The process over the weekend was gladly received. One hour of instruction to 2 hours of process (God walks, Small group discussions, Peer Mentoring, DVD's, etc.) helped the men to observe and soak up the material.
- Lastly, the manual the men received was superior. Each of our men wanted to attend a group in the church afterwards to build towards a greater understanding of the material. We have seen our men grow in each area of Manhood, Sexuality and Husbanding. Now we are at the stage of giving it away and look forward to the fall in building together greater opportunity of more men discipled.

So, it is not difficult to recommend the blessing of DTU. Our church has grown in great depth when most of our men lacked interest in spiritual matters. We have grown from 25% who tithed to now 61%. Men are volunteering at a good rate of involvement. So, we are very thankful for what the Lord has done for men of our church.

One man said it well, when they said, 'DTU is more than an event. It is an encounter with the living God!'

If you have any questions around DTU, please feel free to call or email me. The information is on our website.

Respectfully,

**Pastor Bill Innes**
