Dear Promise Keepers board members,

I am writing to express my deep heartfelt appreciation for your ministry to my men. I have observed deep long term changes in my men through the Holy Spirit's work at Discipleship Training Unleashed.

I have seen marriages restored, father-child relationships renewed, and men getting off the couch and engaging in the battle. I have observed my men going from passivity to passion, from pornography to purity, and from discouragement to discipling other men.

I personally have baptized a son who came to the Lord through the changes he observed in his father who was attending DTU. I have seen the 3<sup>rd</sup> generation of disciples from the men that attended the first DTU.

In my 20 years of ministry I have never before experienced a setting in which such clearly defined long-term spiritual and personal advances are made by men.

I want to commend Promise Keepers for having the vision to provide this type of ministry. Our hunger for this has often been stirred at your national conferences. Now, through DTU, you have trained us and modelled for us how to practically "leave no man behind." You have provided us with a valuable service that is bringing definite long-term impact.

I have been delighted to see my guys raised up as courageous well-equipped warriors passionately fighting alongside me for the kingdom. I have been happy to pay the costs for some men out of my pocket because I know it is a worthwhile investment. God is using you to raise up an army - to awaken the bride. May He reward you richly for your faithfulness.

With much appreciation,

**Darnell Plett**
